General Company Description

1.1 Company overview:
Fitness Plus health club is situated in Coral Gables, Miami-Dade County, Florida. It was formed by David Foster and Steve Homes in December 2008. Fitness Plus will provide health and fitness services that are good in quality and low in cost.

1.2 Mission and Vision:
Vision: To create awareness about healthy lifestyle and its benefits
Mission: To provide strategies and training programs related to health care

1.3 Strengths and Core Competencies:
- Lowest cost of services in comparison to competitors
- Certified trainers from top ranked health care institutions
- Owner’s commitment and dedication towards health care services

1.4 Challenges:
Fitness Plus will face a challenging situation in creating its brand image and attracting customers towards their services due to presence of already established players in the local market such as:
- Gold’s Gym
- Coral Gables Adventure Bootcamp
- 30 In A Hurry Fitness Coral Gables Personal Training
Industry Analysis

A health club can be described as a service facility that is intended to provide physical health care exercises with the help of specialized equipment. It normally serves both male and female customers but in some cases females are provided special attention by providing them female only health clubs in which all staff including trainers are also females. Normally, the environment is made casual to provide customers comfortable experience that helps them performing bodybuilding and other exercises with ease.

According to a survey conducted in 2006\(^1\), total number of health clubs in USA was 29,069 with over 41.3 million members. Almost 49.5\(^2\) of those health clubs were in California, New York, Texas, Florida, Pennsylvania, Ohio, Illinois, Massachusetts, Michigan and Alabama. See the chart below to understand market share of top 10 states.

3.1 Services:
Fitness Plus will provide following health related services:

- Aerobics
- Cycling
- Boxing
- Yoga
- Pilates
- Muscle Training
- Diabetes & Obesity Control

3.2 Benefits and Features:
- State of the art facility with latest equipment from quality manufacturers
- Low cost with monthly, quarterly and annual subscription plans.
- Personal qualified trainers to help our members achieving results without wasting much time

3.3 Why people need this service?
Health care and fitness club market in Florida has been serving to a high income segment of late. Average income of health club member is $76,000 as of 2006 survey. This leaves a large segment of low-income customers with unmet needs. Fitness Plus will primarily exist to provide health care facility to the lower income class without compromising on quality of service.
Marketing Plan

Market Analysis:

4.1 Market Description
According to a survey by The International Health Racquet & Sports Club Association in year 2007, it was mentioned that there are 29,636 health clubs in United States that house a total of 41.5 million³ members. Health clubs that are involved in commercial business have a total membership of almost 20.4 million and 17.2 million⁴ members belonging to not for profit health clubs.

Health Clubs in Florida:

State of Florida houses 1,691 health clubs out of total 29,069 in the USA, which makes almost 5.81%\(^5\). There were only 863 clubs in 1995 that grew at almost 9.59%\(^6\) in 2007.

4.14 Market Niche:
Fitness Plus will enter in the market to serve low income segment of customer that forms 6.1% of total population in Coral Gables who are earning less than $25,000. Fitness Plus will provide low price services in the start to attract masses, and eventually set it to competitive rate.

Marketing Strategy

5.1 Value Proposition:
- State of the art facility with latest equipment from quality manufacturers
- Low cost with monthly, quarterly and annual subscription plans. Starting from as low as $100 for basic body workout exercises.
- Personal qualified trainers to help our members achieving results without wasting much time
5.2 Branding:
Fitness Plus will create their official website for creating a brand and company image in the market, as well as providing subscription online.

5.3 Marketing Objectives:
Fitness Plus will focus on creating a brand image in the Coral Gables vicinity. They will participate in the major events of health care awareness and education programs.

5.4 Strategy:
Fitness Plus will start by targeting low income segment of market downtown Coral Gable area. They will convince people about the benefits and needs of wellness programs. This will be accomplished by aggressively pursuing interaction and relationships with peoples in public health awareness programs and by sending newsletters and emails through website.

5.5 Marketing Budget:
Fitness Plus has allocated $5,000 for marketing in the year 2009. This budget will be used for advertising on newspaper, television, radio and printing brochures.
SWOT Analysis

Strengths:
- Management committed towards to a result orientated approach to attract and maintain customers in a highly competitive market.
- Health care program is well-thought according to the need of layman.
- Lowest cost of service in the entire market of Coral Gables.
- Company will hire qualified and trained staff.

Weaknesses:
- Personal training services can be high in costs.
- Fitness Plus is low in staff that can be problem in providing service to a large pool of members.
- Club is short of marketing budget to attract large business client.

Opportunities:
- Health care club market is rapidly growing.
- Increasing heart and obesity disease are causing people to pay importance to exercise and health care activities.
- People are getting use to have gym and health clubs in their daily routine of life.
- A large segment of market is still untapped, low income area will be of special focus for Fitness Plus which is totally ignored by the rivals.

Threats:
- Recession and economic downturn can slow down the growth of health clubs.
- Low cost offer from well established competitors. Although it’s a small level threat due to a fact that market is rapidly growing.
- Low cost health care equipments availability for home exercise.
